RECOMMENDED CABLE

TRANSMIT DISTANCE

SUMMARY

1 V p-p, 75 Ohms (BNC connector)

Passive, no power required

CAT 5, UTP cable 4 pair (24AWG, 22AWG, 20AWG)

600M for B&W, 300m for color

The video/audio transceivers family are designed for you to simplify CCD cabling work and to increase transmission distance without need to add a video amplifier. Twisted pair (UTP) cables are a low cost and easy way to install cable because UTP cable is already used in many computer network and telecom systems.

Specifications subject to change without notice.
